Ah look here big bra  
I'm a little light right now 'cause you know like  
Let me hold some change  
No  
No get it, no no no no no  
The dancer shit ain't gonna work  
I ain't giving you a red cent  
Why? come on you can do me this one solid  
What, would you rather I go out and rob some elderly  
person, steal?  
Well, either way I'm gonna get high  
Look, I really hate having to resort to knocking elderly  
people in the head for their money  
But I'll do it ,I'll do it, you know I'll do it  
I'll do it, I'll do it, ye you know I'll do it  
I like getting high  
I'ma ch-ch-ch-ch drown it
