[Verse]

My niggas all dying, all these hoes lying  
Rap niggas fake, broke niggas crying  
I give my left nut to see a rap nigga frying  
Pose for the hoes I gotta think of dying  
Niggas wanna see me in the bink without a thing  
They wanna see me fall without a rink  
Wanna see me in the winter, without a mink  
Wanna see my eyes closed without a blink  
Well fuck you and your kin then  
Pop my collar and rev my engine  
Big bag of dope and I'm bout to go binging  
Throw a cocaine convention  
I gotta chill, I got a deal now  
So I can't kill niggas over stare downs  
But over money niggas know not to play around  
You a killa me too we both hell bound  
They wanna know my unknown whereabouts  
They ain't happy till they know I'm in the jail house  
But telling is a line I wont dare cross  
We all know life just a mere cost  
Don't let me do it to him dear lord  
My nigga it's whatever I done fail off

[Hook]x4

I don't beg or pardon or mercy
