Play that music, My dog says we're gonna be rich one
day
Lay it down, don't say a sound, gunplay
Word, this for my niggers on the block and hallways,
word
All every Monday through Sunday
Hey tell you see me on the set one, whirls whips sitting
on... one
Snatch a dime nigger want it real cause I'm rolling,
nigger cause I'm rolling, nigger cause I'm rolling
My vip's so tight, I see this ace of spades
Pappa see it tense, behind this all black shades
A young nigger pay, number nine shades,
If you run your... like me,...

My campaign's in champagne, can't slow down my fast
lane
I do my damn thing I'm drunk on that care...
I burst on the batman, pussy body campaign
This thing I ain't ran at, my gate quite as...
My job stinks of... the drums hold a whole lot
You buss me a liq I had upon my little world wide
Fold down that pussy,... walls...
They day, panic, nigger, twister, throwing, let it grow
up
I pop as they countdown, can't turn out my loud bound
You keep it real in a feel, home boy, I doubt that
Thank you for bringing here, thanks wise...
You ride make me shout that
If that you ain't by that

Nigger, rolling, hey tell you see me on the set one,
whirls whips sitting on... one
Snatch a dime nigger want it real cause I'm rolling,
nigger cause I'm rolling, nigger cause I'm rolling
My vip's so tight, I see this ace of spades
Pappa see it tense, behind this all black shades
A young nigger pay, number nine shades,
If you run your... like me,...

I'm drinking ace of spades like a pop soldiers

Man I'm rolling on, wrapping on my stock holder
Cleiko love me like Brooklyn love... ,
For his green Rover, call it...
Hey, you don't sleep walking bug it all them...
Honey grand in my... do to money dance
I feel it in my name of Benjamin Flocka
... give me for my sins, I just can't...
Oscars on the sea, pine apple paint
Bottles on me, what you want to drink?
Pills on me, who wander he? Skip two letters, I'm a
fucking G

Rolling, hey tell you see me on the set one, whirls whips
sitting on... one
Snatch a dime nigger want it real cause I'm rolling,
nigger cause I'm rolling, nigger cause I'm rolling
My vip's so tight, I see this ace of spades
Pappa see it tense, behind this all black shades
A young nigger pay, number nine shades,
If you run your... like me,...

Gun on my ways, gun in my lanes, sitting on lover
squad...
Suckers getting santÃ©, forgetting all pray
... takes two to rob banks, cause the tapes on the town
The money on the cap, fish scales looking like I built it
off the topper
White sea to water, this shit getting walking
One question in their room, they kill it... let go
This song's like a ball man, this song's just for tossing
This chains,...
Ace,... bananas
Mouth, fun, I need, a million

Rolling, hey tell you see me on the set one, whirls whips
sitting on... one
Snatch a dime nigger want it real cause I'm rolling,
nigger cause I'm rolling, nigger cause I'm rolling
My vip's so tight, I see this ace of spades
Pappa see it tense, behind this all black shades
A young nigger pay, number nine shades,
If you run your... like me, ...
Play that music
