[Hook]

They not knowin, they not knowin, they not knowin
They fin to learn shit the hard way
They not knowin, they not knowin, they not knowin
They fin to learn shit the hard way
They don't know nothing, they don't know nothing
They fin to learn shit the hard way
They don't know nothing, they don't know nothing
They fin to learn shit the hard way

Big chain my neck hurt, big watch my wrist hurt
Hoes going berserk, a walking blizzard
Beef is just desert, my work never cizzer
My shit be white, whiter than the grand wizard
My position went from pety to big fety already
Raping that white lady, golden girl white betty
Ain't stepping on a hoe, don't wanna get that white
dirty
Gangster, and that's for certain
I got me a cognac, 2 g's fuck 2 thousand throwbacks
Got money, power, fame, now where the hoes at
She tryina ride, but she asking where the toes at
I see you tryina get money, bitch where the mose at
Get high compulsive, can't keep my composure
Tattoos on my old star heart, black or that vulture
I just wanna fuck, best what my hoes fuck
I am a shock to the whole human culture
I run the asphalt, here come the bath salt
Cut the bs with agenda getting hacksaw
To a lame jack boy, fuck all that rap talk
I leave your whip whip one wheel like a catwalk
Nigga what my name is, that's what I came here
And I came with a heroine hurricane here
Short stop, no prob, won't ask if I can slang here
We toasting, vaults in, I'ma do my thang here
This skeet, I'm skidrow, dirty hat, brim low
Looking like criminal, chief like semnal
If they don't know, let them know, I brought extra
extendos
My charges, used to let the public offendo
Comprendo, compadre, middle finger in your madre

While I pull a benz up to the guard gate
Broad day, off safety in your hall wa
I guess they gotta learn the shit the hard way

[Hook]

They not knowin, they not knowin, they not knowin
They fin to learn shit the hard way
They not knowin, they not knowin, they not knowin
They fin to learn shit the hard way
They don't know nothing, they don't know nothing
They fin to learn shit the hard way
They don't know nothing, they don't know nothing
They fin to learn shit the hard way
