[Feat. Jwan]

[Jwan:]

Yeah, Finally Famous, F F, GrindHouse Waddup?
You can march through my heart, just don't get lost in
the field
Watch our love take off, cause the cadence we play so
real?
I don't never wanna part, I'd rather just chill
I'd rather just build, I'd rather just build (We gets Busy)

[Verse 1:]

You're a mayback Bentley windows tinted on the side,
you're the glare I often get in the center of my eye
I can be your property you make a renter wanna buy,
boy you part of me not just another member in my life
Am I your fantasy? Cause boy you half of me, that's
why I stick around, you keep attracting me,
And I can front though whenever your funds low
We can be a band of 2 so let the drumroll

[Chorus:]

Whenever you, ever you're away from me (I gotta face
the beat)
Whenever you, ever you wait for me (You do it
patiently)
Whenever you, ever you lay with me (My heart race the
beat) got my heart beatin like a
Pulse, Pulse, Pulse, Revive me, now I'm feeling so alive

[Verse 2:]

You're a seven forty jet with a first class coach, feanin
for your love and your record is my dope
I'm your boat off the atlantic shore keeping you afloat
Boy you're part of me, you're the signature to my note
Am I your fantasy? Cause boy you half of me, that's
why I stick around, you keep atracting me,
And I can front though whenever your funds low
We can be a band of 2 so let the drumroll

[Chorus:]

Whenever you, ever you're away from me (I gotta face

the beat)
Whenever you, ever you wait for me (You do it
patiently)
Whenever you, ever you lay with me (My heart race the
beat) got my heart beatin like a
Pulse, Pulse, Pulse, Revive me, now I'm feeling so alive

[Jwan:]
I'm in it for you baby, ay, look
Wake up up, I don't really wanna wake up up
We can fuss we can break up up, but we're better off,
so better off in love
And I ain't tryna waste no time, hate when them hoes
try to break our bond
Know you want a girl, I'm in you tryna find a face like
yours with a name like mine
Never mind that hold up, oh why you say that You so
nuts
Love when you make a nigga make store runs, bring
the bullshit back get more love
That's why I come right back so roped up, I put yo azz
on my back let's load up
Headed straight to the top, we can post up
I don't even wanna think about no us, No

[Chorus]
