All units,  
All units!  
There is plane  
Crashed to World Trade Center

That's hardly tell the truth  
Than lie  
My niece still remembers  
Their eyes  
Tidal wave  
Of sorrow  
Killed thousand  
Lives  
I know why  
Hired assassins  
Did this offence  
People blame destiny  
But it's too late

No answer  
Just suffer  
Stop the mess  
Panic won't help  
Look at the bottom  
Of edifice

Your spirit lifts up  
Don't purse the lips  
From sky ashes fly  
Everything scares  
Keep the silence  
No terrors  
You have no patience

Chorus

Chaos!  
Hurricane of callous  
Chaos covered  
Poor Twins Tower  
Hurry up to the exit

I'm sure  
You'll get out  
Right now  
It's very difficult  
To mix with mob  
Everyone was harassed  
& rushed down  
Chaos!

Feet grew numb  
If you're unwell  
No one will help  
They're casted a spell

Show the protest  
I know why you become  
A rebel  
But don't give up  
And try to find the entrance

Wife sits  
In front of TV  
She is pregnant  
Think about your baby  
There are only puffs of smoke  
The Whole world stopped  
Without taking a breath

You are no able  
To come downstairs  
He doesn't know  
Where to look  
& windy suspiration  
Makes thou crazy  
Now I do not set my life  
In a pin's fee

Destiny, where  
Will you lead him?  
Most Lazar-like  
He wanna be forgiven  
Hosts were sent  
To heaven

He had no time  
To cry  
Even helicopters  
Couldn't reach  
The buildings  
Caz Air was too hot

They defy augury  
When woes come  
It brings shamble  
North Tower  
Was already crashed  
Dispelled fear  
Made everyone faster

One man  
Fell down  
He started to pray  
If I should die  
Before I wake  
God, let me see  
The paradise

Chorus

Bloody floor  
People have the moulds  
Scare rules  
By crowd  
Everyone suffers  
From surrounding  
They will  
Turn over a new leaf

It's pitch-dark  
Will rescuers  
Find him  
Under wreckages  
Somebody gasps  
With dust  
Why it happened  
That He'd delivered  
Sentence of death?

Hope is inexorable  
Justice never prevails  
Killers roam  
About the world  
But good persons  
Pine away to nothing

Thou can exterminate the evil  
But something will bring new trouble  
No possible to know all the ins and outs  
Even stone-blind old man never bets on feeling

Run, run brave man  
Savior keeps vigilant watch

We shall never know your dole  
It bodes the salvation

Not all people callous  
They may show the compassion  
In their aspect  
Mankind can find the condolence  
No one will hear your dirge  
'Caz this is your redemption

Chorus

That's hardly tell the truth  
Than lie  
My niece still remember  
Their eyes  
Tidal wave  
Of sorrow  
Killed thousand  
Lives  
I know why  
Hired assassins  
Did this offence  
People blame destiny  
But it's too late

No answer  
Just suffer  
Stop the mess  
Panic won't help  
Look at the bottom  
Of edifice

Your spirit lifts up  
Don't purse the lips  
From sky ashes fly  
Everything scares  
Keep the silence  
No terrors  
You have no patience

Chorus
