Fuck this government of greed
The corporate filth control
I'll never trust no president
He's nothing but a puppet
Fuck this constitution
Rich Nazi fucks wrote
This order is not for you or me
We must destroy it

We are fed nothing but lies
Media school religion
They make us fuckin blind

If you have fuckin had it
Let's riot tonight
All exploited people
Let's fuckin unite

Twelve, thirteen, fourteen
Hours a day
Picking fuckin lettuce
Making minimum wage
One hundred degrees
Bent over all
You call us employees
We are more like fuckin slaves

All exploited people
Let's fuckin unite!
