"Fuck You Too"

I gave her my heart
Now she has my tears
Don't call me an addict
"Fuckin addict!"
Cause the drug help me heal

Lower class struggle
Is my reality
Lower class survival
Was forced on me
You come from a world
With a lot of money and greed
You were ashamed
Of a poor fucker like me

So fuck your world
And fuck you too
I said fuck your world
And fuck you too
I'll be at the bar
And forget about you
Fuck your world
And fuck you too
