"I really love you"

Visit "[I really love you](#)" on MotoLyrics.com

Here I am Lord, my life is in Your hands
Take and use me, I am your instrument
It is Your love that keeps me through the day
And Your peace won't let me go astray
I can say, I don't know where I'd be
Without You leading me

I'm Your child Lord, I humble myself to You
For without You, there's nothing I can do
Now I know when troubles come my way
It's is Your strength that keeps me come what may
Everyday, You keep me in perfect peace
When my mind is stayed on Thee

I Thank You for all that I am
For giving me courage to stand
and when I am weak You hold my hand
to tell me what I really can
I'll praise You for all that You are
I wouldn't have made it this far
So I want to take time to say
That I really Love You

Thank You, Jesus
I really love you
