Listen I've got something to tell ya, I've got something
to say
I wanna tell everybody about a thang called praise
It's not just a Sunday thang, no it's everyday
I can feel His presence, I can see His face

Praise defeats the enemy
Gives me the strength I need
Battle's already won, all I gotta do is praise
When I'm down and feeling low
There's a place where I can go
It's in His presence when I begin, when I begin to praise

Joshua led the children of Israel
In the battle of Jericho,, so the Bible tells
So when I lift my voice and begin to shout
Every wall in my life, comes tumbling down

I will praise Him
Praise Him
