There is nothing too hard for my God to work out  
There is nothing too hard for Him

If you've got a problem that's too hard for you to solve  
And a burden that's too hard for you to bear  
The answer my friend is not in your plan  
But it's when you place it in the Master's hand

Sometimes the road you travel  
Seems like you're coming to a dead end  
Because you're trying to walk it without Him  
With Jesus you're a winner because He steps in on time  
He'll turn your dead-end into a finish line

He can, He will show up  
He can, He will show up

Won't He work it out  
Watch Him work it out  
Let Him work it out

He can He will... won't He work it out
