I'm about to go cheesy
I don't give a shit
Cause every word I spit, well I mean it
I've got a long nose that pulls my pack
but still I know you're feeling it

Who me, your love? Don't talk
Cause I make you better by showing you
How much love I got for you
No, Don't, you need it
flicks like a tracker
wanna do things proper

Okey-dokey,
remember when you used to tell me no
Now you're telling me you don't wanna move slow

It's a mutual feeling
'Cause the feelings that I'm feeling are
making me look to the ceiling
leaving me dreaming
all my painful luck I was teething

I'll be your smurfette
your little darling, all dressed in blue
We can run the circle or shit 'til it hurt
Just me and you
pillow fight, pillow talk
I'll touch you in your sleep
Well, still I might
Now of course, I walk right in your dreams

I know who you are
And I know you're far
But you're close to my heart
So let me serenade you with my bars
But still I care
I'm here, you're there
So when I shout it sounds like whispers (whispers)

I know who you are

And I know you're far
But you're close to my heart
So let me serenade you with these bars
But still I care
I'm here, you're there
So when I shout it sounds like whispers (whispers)

[Dial tone]

"Come on, answer your phone, man."

"You never answer it."

"Hardly ever speak to you anymore."

[The person you called is not available.]

"I don't know, voicemail again."

[Please leave your message after the tone.]

You ain't making this easy
You're taking a piss
That's about eight phone calls
of mine that you've missed
By tomorrow, it'll be twenty-six
Maybe I should stop, I feel like a div

I know what this is, this is stupid
I swear, I wanna beat up cupid
There's my heart in bits, that's what you did
Now I've gotta start a new team
And start again
Let's start as friends, something I don't wanna do
Boo-hoo, my tears fall for you
Unlike someone else, I wasn't being cruel to you

"Yeah, well, I'm gonna be that cheeky bitch (I don't know)."

"But now I'm in bits."

"You know how I feel, you know what it is."

I know who you are
And I know you're far
But you're close to my heart
So let me serenade you with my bars
But still I care
I'm here, you're there
So when I shout it sounds like whispers (whispers)

I know who you are
And I know you're far
But you're close to my heart
So let me serenade you with these bars
But still I care
I'm here, you're there
So when I shout it sounds like whispers (whispers)

Whispers (whispers)
Whispers (whispers)
Whispers (whispers)
Whispers (whispers)
Whispers (whispers)

I walk right in your dreams

Whispers (whispers)

I know who you are
And I know you're far
But you're close to my heart
So let me serenade you with my bars
But still I care
I'm here, you're there
So when I shout it sounds like whispers (whispers)

I know who you are
And I know you're far
But you're close to my heart
So let me serenade you with these bars
But still I care
I'm here, you're there
So when I shout it sounds like whispers (whispers)
