Oh, the path you walk is on fire,
So wild and unashamed
With a passion you inspire
I'm gonna keep those men at bay

Cowgirl you've got that something
Of what all my dreams are made
So come on baby, just say the word,
I wanna be your slave

Yooooooooo-ooooo-ooooo-oooo-ooooo.....

Oh the web you weave is so tender
I'm tangled by your gaze
And you know I need surrender
I never locked you in a cage

Cowgirl I've got that loving that puts all those men to
shame

So come on baby, just say you will
Don't lay me in my grave

Yooooooooo-ooooo-ooooo-oooo-ooooo.....

Oh, the path you walk is on fire,
So wild and unashamed
With a passion you inspire
I'm gonna keep those men at bay

Cowgirl you've got that something
Of what all my dreams are made
So come on baby, just say the word,
I wanna be your slave

Yooooooooooooooooooooooooooooo
Oh, miss Karoline
