So the saying says
An elephant never forgets
Standing in the concrete cave
Swaying side and sing
They walked over the ocean
And their dreams they dreamed awake
Until the lights grew dim
Until the cop cars came
Everybody tells me this is crazy, yes I know

But I'm a man man man man man man man eater
But still you're surprised prised prised when I eat ya

You know they call them killer whales

But you seem suprised
When it pinned you down to the bottom of the tank
Where you can't turn around
It took half your leg and both your lungs
And I craved I ate hearts of sharks, I know you know it

I'm a man man man man, man man man eater
But still you're surprised prised prised when I eat ya X2

It will end again in moonlit song
It will end again in moonlit song
