

## Leonid Rudenko "Destination"

When I'm out on the streets of strolling  
I can look on the fields of dawn  
I can look from the mountainside  
And see your fire is still burning with me

And I know (And I know)  
So I know (So I know)  
I know a place where we can go  
Green grass is growing

Refren x2  
Baby I don't see you around  
(You can't let go)  
But you know that my destination  
Is on this road going down  
'Cause I got to be with you now

I can feel all the love is in the air  
Sweet scent of your presence is everywhere  
And I'll never be lost without you  
Found your look as you're lighting my way

And I know (And I know)  
So I know (So I know)  
I know a place where we can go  
Green grass is growing

Refren

And on this road I am walking  
(And I'm gonna find you)  
And I can feel that you're near  
(Sense of a getting me)  
And when the life is my destination  
I know soon you'll be right here with me  
Yeah, soon you'll be right here with me

Refren x2

(X4)  
Come back we don't wanna start and  
Fire burning till the morning

Fire burning till the morning  
It's morning  
Oh no no no no  
I got to be with you

Refren x2

Come back we don't wanna start and  
Fire burning till the mornĀng  
Come back we don't wanna start and  
Oh no no no no

Yeah
