Take a second and sit right there
I'll tell you
It's just a story that you can bring with you
A cautionary tale
Is this vicarious or is this innocence?

I will always be a part of you
I will always be right there by your side
You were the only one that kept me awake
You were the only one that kept me from falling

I know you'll find a new place to rest that head of yours
I'm sure you are better off than you've ever been
before

I will always be a part of you
I will always be right there by your side
You were the only one that kept me awake
You were the only one that kept me from falling,
Down
