Teach me how to forgive and forget
Makes me feel alive
When you work so hard with such reckless hands
This is consequence
This is consequence

You can call it a curse
You can pretend like you got it under control
But we all know
It couldn't be farther from the truth
There's only seconds left before my nerves go numb
tonight

Teach me how to forgive and forget
Makes me strong
Stronger than ever before
When you work so hard with such reckless hands
Will you sink or swim
Will you sink or swim

Be faithful and nothing but forgiveness to
To trace our way back home
To trace our way back home
She is the voice and I am the action
We're all impostors when it comes down to it
I'll shake the foundation
I'll bring the stars down tonight
Just to watch you
Just to watch you fall

And I swear, I don't see it like this
Your words are like a whisper in my ear
But some will seek for more
To find a way out of here
I swear, I don't see it like this
Voices are a whisper in my ear
But some will seek for more
To find a way back home
