Ashes to ashes,
Dust to dust,
Darkness surrounds me,
In his subterranean dwell,
Evil forces caused by lust,
No one to cry no one to tell,
Haunting my demented mine,
Happiness I'll never find, (find)
Happiness I'll never find!

Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u again)
Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u, I'll see u, I'll see u again)

Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u again)
Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u, I'll see u, I'll see u again)

Conqeeour of torn our hearts,
Cooped up in a world of shades,
And self-destructive greed,
See them gather, watch them part,
See you one last time is all I need

Haunting my demented mine,
Happiness I'll never find, (find)
Happiness I'll never find!

Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u again)

Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u again)

Back from the grave I don't know when
I wish that I could see you again, (yeah yeah)

Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u again)

Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u again)

Back from the grave I don't know when
I wish that I could see you again (when will I see u
again, I'll see u, I'll see u, I'll see u again)

I've gotta see you AGAIN!
