I'm leaving town just wanna get away
From politics, stupid rules& the eternal love war a life
of bordon is the price I have to pay
I'm headed in no direction just away from before

That's when the sky turned jet-black
Eyes are watching me from above
& it ain't bad weather it's a gargoyle attack!
Gargoyles yeah yeah yeah(x3) gargoyles
Gargoyles over Copenhagen Gargoyals yeah yeah
yeah(x3)
I'm trying to escape, I'm on the run from these hellsent
creatures
They're all over me
Please help me someone dial 911
The invasion has begun this is the end of humanity
Those years of waiting hasn't been in vain
They're leaving their observation posts For the final
take over They want world domain
