12 o'clock waking up beside you
The moon is shining through a window behind you
Come on baby, let's go for a walk
Come on baby, don't try to talk

We'll be howling at the moon
Howling at the moon
We'll be howling at the moon
Howling at the moon
Let em howl, let em howl
Howling at the moon
Howl, howl

We walk alone as the hours grow older
? like your head on my shoulder
Stay on the line, don't step out in the haste
Look straight ahead, don't get lost in the ?

We'll be howling at the moon
Howling at the moon
We'll be howling at the moon
Howling at the moon
Let em howl, let em howl
Howling at the moon
Howl, howl [x2]

In the moonlight, the shadows gettin longer
Deep in the woods, the howling grows stronger
Step inside, don't look back anymore
Behind our back they locked out that door

I'll be howling at the moon
Howling at the moon
I'll be howling at the moon
Howling at the moon
Let em howl, let em howl
Howl, howl
