Walkin through the graveyard late at night  
She's holding my hands oh so tight

Cause she's my nekromantic baby  
And she loves me so [x2]

*She's making love to me on top of the grave  
There in my arms she feels so safe*

*Cause she's my nekromantic baby  
And she loves me so [x2]*

*She puts me back in my grave and goes home before  
the light  
But she'll be back again for more another night*

*Cause she's my nekromantic baby  
And she loves me so [x2]*
