On livid nights of dead dry thunder  
Squeaky sounds from six feet ubder  
Wounded heaven's bleeding dawn  
Recreated and reborn  
Trapped within your temple flesh

Hiding in your bony castle  
Suffering the plaque of darkness

Dive into eternal rest  
Skinny dukes in dusty dress outs

Midget minded demon nerds  
Ceremonies raise the church  
chorus:  
Cathered under under wings of pleasure  
Before the gate to hell  
Rubber monks and leather nuns  
Your gonna find yourself  
Rubber monks and leather nuns  
Twilight breeds are creepeing under

A screaming mass of shadow birds  
Leatherpunk pleasure  
Latex lovers seventh wonder  
1 2 3 4 5 6 7  
Pierced apart they praise the church of

Nur die toten will euch lieben  
All good Djilldren goes to heaven  
With rubbermonks
