"Survive or Die"

I met her in a bar - it was love at first sight
I went to bed with her, yeah, the very first night
Tell me the truth doctor, please don't lie
Is it serious - will I survive or will I die

Survive or die
Will I survive or will I die
Will I survive or will I die
Will I survive or will I die

She said to me "we don't need no protection"
I trusted in her words, blinded by her affection
There is nothing I can do no matter how hard I try
An angel of death she was, all I can do is cry

Survive or die
Will I survive or will I die
Will I survive or will I die
Will I survive or will I die

Now, I've got the disease in me, but I don't wanna die
Sitting here, all alone, wondering why it happened to
me
