I've been through cold dark days
I have sinned I've even seen the devil's smile
Death been spitting in my face
Doing my own thing makes it all worthwhile
I feel free to speak my mind
Sonner or later you too will realize
I kiss nobody's behind
You can't hurt me, so feel free to criticize

I don't regret a thing
(Where I'm going no one ever came back from to tell)
Rich, poor, beggar, nor king
What happens in hell stays in hell

I've been through gruesome nights
I had the grim reaper staring in my eyes
Inner demons pick up fights
Relationships come to their demise
I like to do things my way
I've made some tough choices on the fly
No matter what you say
I never gave up, no, unlike you at least I try

I don't regret a thing
(Where I'm going no one ever came back from to tell)
Rich, poor, beggar, nor king
What happens in hell stays in hell

Whatever Happens in Hell Stays in Hell

Whatever Happens in Hell Stays in Hell
