With underhanded tactics
I'll make you and your crew melt like plastic
I'll light up the room
Without using matchsticks
And when their heads turn
They'll say that girl's fantastic
She spits rhymes that are so elastic
Cos
When it comes to rhymes then I'm the cleverest
With bars so strong
They can climb Mount Everest
Some call me a lyrical terrorist
Got a problem then I'll take care of it
I'm not dumb
I'm certainly not stupid
I'm not gonna make the same mistake that you did
Gonna shoot arrows like cupid
Make way for the raving new kid

When I drop a rhyme
I create history
It's about time
Cos this is not a mystery
Others wait in line
While I collect my victory
Try and take what's mine
And I'll make your life a misery
