It's a good day for a sad song
'Cause the rain is fallin' and someone is saying
"Goodbye"
Close the door when you leave
'Cause there's a cold wind blowin' and it's bringin' tears
to my eyes

After you go, I guess, I'll never know where you've run
Will you try to disguise how you're dyin' inside?
Well, then you'll be the only one

Oh, I will get over you someday
Though, I never loved you anyway
And when you're gone my whole world won't fall apart
I swear, cross my broken heart

Word gets 'round in this small talk town
But I'll stand my ground and I won't even ask where
you've gone to
When they play a song 'bout a love gone wrong
And you see me cryin', well, that don't mean I miss you

When I said, I was crazy for you I was out of my mind
When the smokes clears I'll see it was not meant to be
Yeah, I will be just fine

Oh, I will get over you someday
Though, I never loved you anyway
And when you're gone my whole world won't fall apart
I swear, cross my broken heart
Cross my broken heart

By the second Tuesday of never I promise
That I will be just fine
Oh, yes, I will

Oh, I will get over you someday
Though, I never loved you anyway
And when you're gone my whole world won't fall apart
I swear, cross my broken heart
I swear, cross my broken heart
