I was wrong-so untrue...just let me make it up to you
I would give the world if I could now baby to turn this
mess around

Who's gonna save me? I can see it in your eyes
(whoa)-you think it's over...

But everybody cries sometimes and everybody's got
their alibis
Well, I know that you've got it in you girl to let the whole
thing slide
'cause everybody cries sometimes

I can't sleep 'cause in my dreams my secrets wait to
torture me
I would take it back if I could now baby to try to
understand
Before you think I don't deserve you, I never meant to
go and hurt you

Hey now baby, there's no hurry to decide-let me
remind you...

That everybody cries sometimes and everybody's got
their alibis
Well, I know that you've got it in you girl to let the whole
thing slide
Everybody cries sometimes-don't give up on the love
we brought to life
To make it last, forgive the past, and lean to dry your
eyes
'cause everybody cries sometimes-everybody cries
sometimes

When I head the truth come from you it hit me right
between the eyes
I thought you were nothing like me...well, I got a big
surprise
Now I learned what you were up to, 'cause you were
talking in your sleep
Calling someone else's name-i guess the turnabout's
complete

Hey now baby, can't you see it in my eyes-
The games are over now...

But everybody cries sometimes and everybody's got
their alibis
Well, I know that you've got it in you girl to let the whole
thing slide
Everybody cries sometimes-don't give up on the love
we brought to life
We can make it last, forgive the past, and learn to dry
your eyes
Everybody cries sometimes-it only makes us stronger
down the line
We'll make it last, forgive the past, and never say
goodbye
Everybody cries sometimes-everybody cries
sometimes
