No use pretending, let's tell it like it is  
You just took advantage when I gave all I had to give  
After one too many battles, I got tired of the fight  
Each time we were together was just like walking on  
thin ice

Couldn't make it happen, no matter how I tried  
Decided it's impossible to keep you satisfied  
Our love was like a candle slowly dying in the wind  
You can't hold on when the feeling's gone  
Now we've finally reached the end

Step out of the darkness and leave it all behind  
Ooh, now I'm ready for a brand new life

Oh, I can hardly wait  
Gonna find another lover, gonna start to live again  
Oh, I can hardly wait for somebody new to get into  
I can hardly wait

I can hardly wait  
I can hardly wait

Don't need the pressure, I refuse to play the game  
I won't be around to jump next time you call my name  
I'll take my chances, I'll take it day by day  
Let the curtain fall, I'm out of love, that's all  
There's nothing left to say

Learning from the changes  
Got my feet back on the ground  
Ooh, nothing's ever gonna stop me now

Oh, I can hardly wait  
Gonna find another lover, gonna start to live again  
Oh, I can hardly wait for somebody new to get into  
I can hardly wait

Moving on, down the road of life  
I'm looking forward to what it is I'll find  
The best is yet to come  
I can hardly wait, I can hardly wait

I can hardly wait  
Gonna find another lover, gonna start to live again  
Oh, I can hardly wait for somebody new to get into  
I can hardly

I can hardly wait for somebody new to get into  
I can hardly wait  
I can hardly wait  
I can hardly wait
