Only Time Will Tell

Nelson

Hello, my friend, it sure has been a while

I don't know where the time has gone

But I've really missed your smile

It's been too long

I've got so much to say

That I don't know where to start

Ever since we went our separate ways

There's been a big hole in my heart.

(But) as I recall, it was you who said goodbye.

Now you're asking me to give it one more try.

Well only time will tell

If you're gonna stand beside me

Through both Heaven and Hell

I wanna know that you're behind me.

But only time will tell

If what we have together's

Gonna last forever more

And so my friend, I hope you understand

It's hard to put my trust in you

'Cause I'm afraid you'll leave again

I want to believe you've finally seen the light

That you've missed my love and you want to make it
right

But only time will tell

If you're gonna stand beside me

Through both Heaven and Hell

I wanna know that you're behind me.

But only time will tell

If what we have together's

Gonna last forever more

I got no way of knowing

what the future's gonna bring

so I'll just listen to my heart

'Cause it's never lied to me

And what is meant to be

Only time will tell

If you're gonna stand beside me

Through both Heaven and Hell

I wanna know that you're behind me.

But only time will tell
If what we have together's
Gonna' last forever
Time will tell
Do you believe in me?
Time will tell
If we're gonna be together
Only time will
I want a love to last forever
Time will tell
Only time will tell
