It was right from the start
So I surrendered the key to my heart
I was sure we couldn't miss
But now I taste something strange in your kiss

People are talkin' lately sayin' you've been messin'
around
I don't wanna believe it baby, but it's all over town

Chorus:

They tell me you've got the devil in your soul
Say it isn't so that I'm the very last to know
Say it isn't true about you
Before I say we're through
I wanna hear it from your point of view
'Cause I would die if I had to let you go
Say it isn't so

I recall the love that we made
It was hot - like a hundred degrees in the shade
Tell me now - what do I do
If I find that you lied when I trusted in you?

Did you try to deceive me? did you baby?
Or are you misunderstood?
You could sell me a story - maybe
But you better make it good

Chorus

(come here and look me in the eye)
(oh, no, no, you can't fool me, baby)

You can't hide your lyin' eyes - I gotta big surprise for
you
(girl you're gonna get it)
I found out what you're all about - you can scream and
shout
(but I think you might regret it)
I'm gonna give you one more chance
To tell your tale - confess the past
So watch your step, 'cause it might be your
last

They tell me you've got the devil in your soul
Say it isn't so that I'm the very last to know
Say it isn't true about you
Before I say we're through
I wanna hear it- baby, I swear it that
I would die if I had to let you go
Say it isn't so

(oh no, no!)
Say it isn't so
Say it isn't so
