What's in a name? What have we got?
I say it's love-you say it's not
Whatever it's called, it feels the same
So what's in a name?
(What's in a name?)

What's in a word? What's the big deal?
It doesn't change the way I feel
I'm just thinking out loud, I'll take the blame
So what's in a name?
(What's in a name?)

I'm a hopeless romantic
So I'll take the chance
But it's only semantics
That's got you sitting out this dance

What's in a name that makes you afraid?
How would you describe what we just made?
You're playing with words, this ain't no game
So what's in a name?
(What's in a name?)

I'm a hopeless romantic so I'll take the chance
Because it's only semantics that's got you sitting out
this dance
If it looks like a kiss, feels like a kiss, what do you
know?
Maybe it is

What's in a name? What have we got?
I say it's love-you say it's not
Whatever it's called, it feels the same
So what's in a name?
(What's in a name?)

I'm just thinking out loud, I'll take the blame
So what's in a name?
(What's in a name?)
Aw, you're playing with words, this ain't no game
So what's in a name?
(What's in a name?)
