Drunken ways, enlightenment
Always vigil, ancient strength
Flowing strike, perishment
Interceptor

Abandon thoughts of chivalry
Strike with speed, cunningly
Damage done, efficiently
Interceptor

Inflict cruelty with the eyes
Place the fear in their mind
Confidence undermined
Interceptor

See the light of seven stars
Illuminate, the righteous mar
Hit, like lightning strikes
Interceptor

Interceptor, righteous savior
Interceptor, patient slayer
Interceptor, callous crippler
Interceptor, simpler warrior

Intoxicated fluidity
Enucleation mastery
Take the eyes, they cannot see
Interceptor

Stumbling moves, subterfuge
Bait the trap, follow through
Liquid and attuned
Interceptor

Weakest link, is the knee
Not much pressure, that you need
To rip and shatter cartilage
Interceptor

Tempered hands, fist in each
Calculate, striking reach

Monkey steals the peach
Interceptor

Interceptor, righteous savior
Interceptor, patient slayer
Interceptor, callous crippler
Interceptor, simper warrior

Eight drunk immortals bray
Endorse the drunken way
And what will be will be
Eight drunk immortals bray
Endorse the drunken way
And what will be will be
Eight drunk immortals bray
Endorse the drunken way
And what will be will be
Eight drunk immortals bray
Endorse the drunken way
And what will be will be
