Sick

Sick of these emotions

Sick of these conclusions

Sick of these solutions

No rope a dope

Thinking

Thinking of the past

Thinking of the crimes

Thinking of the guilt

No rope a dope

Cold

Cold with no concern

Cold with no respect

Cold with no reflection

No rope a dope

Twisting

Twisting in our sleep

Twisting in our sweat

Twisting in our skin

No rope a dope

How wrong can I be

How wrong can I be

How wrong can I be

How strong can I be

How strong can I be

How strong can I be

Tired

Tired of provocation

Tired of all the tension

Tired cause it's senseless

No rope a dope

Raging

Raging all the time

Raging so we're blind

Raging we can't see

The rope a dope

Grind

Grind a person down

Grind them if their proud

Grinding down belief

No rope a dope

Hopeless

Hopeless without pride

Hopeless without a soul

No rope a dope

The more you look

The more you're forced to face it

The more you hope

The more you're forced to chase it

The more you hate

The more you're gonna find it

I can see it right now

We don't respect each other

The message is clear

We do not love each other

We're all for ourselves

So we can fuck the other

Don't be a fool

We never will relate

Don't be a fool

We'll never separate

Don't be a fool

We won't survive the hatred
