I'm Seeing Crows In Silver  
Feathers Reflecting The Sun  
They Have A Brilliant Murder  
I'm Seeing Crows In Silver  
Their Eyes Of Titanium  
Their Gaze Is Sickening

They Radiate, Iniquity

I'm Seeing Crows In Silver  
The Blinding Visions Of Death  
They Have a Horrid Purpose  
I'm Seeing Crows In Silver  
Corrupting Pure Solar Rays  
They Leave The Spectrum Poisoned

Shimmering, Twisting Things

The Haunting Scenes  
The Sick Disease Sick Memories  
The Days Blasphemed  
The Silver Fields Of Butchery  
The Sun In Dreams  
The Incandescent Infamy  
The Light Obscene  
The Bright Electric Savagery

In Fields They Guild With Silver  
In Their Insidious Way  
They're Beacons Leading Me  
In Fields They Guild With Silver  
There's Carnage Off Of The Path  
Bleeding And Glistening

Violent, Complicity
