Warchild  
Womb of a whore child  
Child of a crack vial  
Born into a blackhole war

Born addict  
Born with a habit  
I didn't want it  
This misery you've passed to me

Disgrace me  
How much you hurt me  
Then you blame me  
For the sickness in your blood

Cracktorch  
Watch my flesh scorch  
Sell my life short  
Cook it up, tear me down

You raised me with trouble  
Raised me with pain  
Raised me up twisted  
But won't take no blame  
I'm full of your evil  
Even devils are made  
I'm full of your evil

Hateful  
You made me hateful  
So I'm ungrateful  
This is shit you taught me

Demean me  
You didn't want me  
You wouldn't free me  
From this hell you built yourself

I got your problems  
Your fucked up problems  
But I can't solve them  
I can't give them back to you

Not hoping  
Never hoping  
I am not hoping  
For me to hope would be too much

[Repeat 5th verse]

I won't forgive but I will repay  
All the damage caused to me  
I won't forgive, I won't forgive

Won't forgive, and I won't forget  
I won't forgive, and I won't regret  
I won't forgive, I won't forget

And these paybacks for damages done [4x]

[Repeat verses 11 & 12]

[Repeat verse 13]

Hateful  
You made me hateful  
So I'm ungrateful  
This is shit you taught me well

Not hoping  
Never hoping  
I am not hoping  
For me to hope would be too much
