Crucification

I'm the insane law creation

Condemnation

You're the breath I taken

Unknown

I wanna cut you down, suck your body

If you are not believer

I dream about evil of your children

No one can feel safe

Immolation

I'm the dweller of this location

Dispensation

All the things we loved

Are vroken

God of creation

This dream is unreal

Dog barking in my head

Murder's awaken to kill

Blood in your hands

Shouting in nightmares

Gun was prepared

I can't wait for the others
