Fever

I want to touch you  
When you take my clothes down  
You're my asylum

Slither

Surround me  
Let my fingers find the way  
Burn baby burn

Shiver

Is this a spasm of pleasure?  
Or am I alien here?  
Is this what I want?

Quiver

But we're still apart  
So close and so far  
Paradox forcing me to leave you

I'm not a toy

My ears can bear your lies no more  
The things you told me, empty words  
They castrate my soul  
I know  
You're with  
Somebody else  
I'm not  
Your marionette

Here in my brain

You're screwing again  
Pleasure of hate  
Makes me stronger

Your voice hurts no more

I know you're a whore  
The one to ignore  
Feel my anger

Don't tell me lies

Depriving my mind

No mercy now  
Die, die, die, die!

"Was tot uns nicht, macht uns starker"
