It started out  
With some loud shouts  
As we ran around and around  
I saw you there  
With your long blond hair  
I would have never guessed I'd meet you here

If dreams come true  
I'll come talk to you  
When I'm up here it all becomes so clear  
You look so cute  
Doing that move you do  
I can't believe I'm finally here

Our eyes they lock  
As the band rocks  
Should I try my luck with you?  
They play our song  
So we sing along  
It's now or never so I better make a move

If dreams come true  
I'll come talk to you  
When I'm up here it all becomes so clear

You look so cute  
Doing that move you do  
I can't believe I'm finally here

I came back down  
I walked my way around  
Through the crowd that kept us apart  
Are you with him  
Or is he just a friend  
I need to know so please don't break my heart

If dreams come true  
I'll come talk to you  
When I'm up here it all becomes so clear  
You look so cute  
Doing that move you do  
I can't believe I'm finally here

I can't believe I'm finally here  
I can't believe I'm finally here  
I can't believe I'm finally here
