"Run And Hide"

If I Told you where I was last night
You wouldn't believe me
I tried to hide in a broken shell
But I was found
I couldnt even run
Without being noticed

You try to run and hide
And thinking you had everything
That's where your wrong
As there is no where to run or hide
What do you expect me to do?

Time changes everyday as it passes so quickly
You have to notice me or I'm nothing
I feel like I'm hibernated
The seasons go by quicker than you have noticed... me
Don't you feel bewildered
I tried to hide under ground
But I was still found

You try to run and hide
And thinking you had everything
That's where your wrong
As there is no where to run or hide
What do you expect me to do?

I thought you would forget by now
That I was even there
Your dreams have been bewildered for so long
I am nothing but dust
But I was still found

You try to run and hide
And thinking you had everything
That's where your wrong
As there is no where to run or hide
What do you expect me to do?

You try to run and hide
And thinking you had everything

That's where your wrong
As there is no where to run or hide
What do you expect me to do?

I ran through space and I wasn't noticed
I was dust of starlight
Where I could run and hide
No matter where I ended up
I was never Noticed

You try to run and hide
And thinking you had everything
That's where your wrong
As there is no where to run or hide
What do you expect me to do?
