Testify you will  
Here, on the dance floor  
When the DJ plays your favorite song  
This is when we lose it

Get down, get down like a gryphon in wonderland  
Just as you crave the tempo of this song  
Just as your body spells trouble in the disco

Serenade your soul  
Spin the music through the door  
Sink in the spirits of harmony  
Becoming one with the sun behind the beat  
Tonight you will drink and dream of love  
You will throw down your cupid arrows  
Hypnotized you feel your body in the middle of the  
dance floor

You're dancing day and night  
You recognize this feeling  
You're taking back, you're taking back you're  
freedom

Do you know where your body goes when you lose  
control?  
Get down... Let the groove take over
