Let's leave our bodies at the door
And vacate our many skins
Too many aliens involved
They want to tell you it's a sin
You push me over and I crack
We're in a coffin on the floor
Communicating with our buzzing flesh
Forehead pressed against yours

They say, if you love then you're doomed
We say, you're so boring and blind
As we, dim and damage the room
While we're, out to waste your time

I flutter with a shivered breath
Unafraid of nothing left
I am inspired by your style girl
I'm blushing red at what you said
And now we wake and it's the dusk
Electric oceans between us
I'm not ashamed as to become one
You'd be a fool to call it lust

They say, if you love then you're doomed
We say, you're so boring and blind
As we, dim and damage the room
While we're, out to waste your time

They say, if you love then you're doomed (Waste your time)
We say, you're so boring and blind (Wasted all your time)
As we, dim and damage the room (Waste your time)
While we're, out to waste your time (Wasted all your time)
