i seen a girl from a far poorin drinks at the bar
carrying herself like she thinks shes a star..
its as if she aint got a single care in the world
every creep in the bar straight staring at girl.
not a club , a small dive spot in the street.
over looking all the yachts. one block from the sea.
im just a young MC from back in the states.
shes a hot island girl. with a national face.
me and my boy spittin frees as we walk in the place
i can hardly walk straight all the shots that we take.
NOW, theres two sexy girls making drinks at the bar
one is the girl that i had seen from a far
HELLO ladies. im pig and this is my dog j.
were kinda drunk we been takin shots at the bombay.
but anyway . i think we were thinking that baby
we could all kick it , just wink if its maybe.
Now it didnt take long for her to fall for the rap.
cause hip hop cats just got it like that.
we sat up all night at got sloppy till morn
not just tipsy i was properly torn.
but in a drunken haze i managed to render a date

the next day, with the bartenders and j
now this island was a spot , where the honies are hot
but how did we pull the hottest ones on the rock.
the next day we met 9 oclock on the dot
and once again we all started droppin the shots.
well it didnt take long for the liquor to kick it.
and pig pens wit had her left with a big grin
The drinks kept coming. we were drinking em down
it was obvious what we were thinking about
we were both tore up by the end of the night
if i remember right im pretty sure we ended it right..
well the next day i did wake up in her bed.
a massive splitting pain straight stuck in my head
well ive never felt worse than i did that day
but ive never felt better in a different way
i was feeling hung over man I WAS feeling it bad
but still feeling good, cause i was still in her pad
amazed at myself that i ended up here cause
usually i pull nothing more than a beer buzz.
yet somehow im chilling with a girl in her house
forget the fact that were both hurling it out.
we spent the whole next day passed out in the sun
only waking up briefly to devour some rum
this was one drunk night that ended so beautifully
Ive had many since that ended so brutally
but if i never drank, i wouldnt be at a bar.

and ida never met the girl that id seen at a far..
