IM taken back

faced with complacent acts

makin tracks

the lables wanna break my back
dont take a nap

dont wanna get caught sleeping

face the fact

the past is gone im not dreaming

I hate the rap.

the radio has got streaming

there taste it lacks.

and all there tracks have lost meaning
I lack the patience.

to listen to the trashy stations

rap made back in the days is my infactuation
and ima keep it going

keep writing these rhymes down

And i believe its growing

past the likes of my town.
and so im street bound

packin up the tour van

with a unique sound

rappin for the worlds fans.
city to city

gritty in my torn pants

serious lack of sleep

still gotta perform man
And so its love

For everything about the game

Not blowing up

its never been about the fame

theres nothing that i really need

not corrupted for the silly greed
yeah theres nothing that i really need.

my infatuation infact the track im makin

it is right here listen to the rap im sayin

it is quite clear im stricken with an admiration

to the pioneers, for given me an aspiration

and yes indeed I love all my rapper freinds

lets make it happen

it really doesnt have to end.

keep rappin

practice with the pad and pen

and keep laughing

we have to make the sadness end.

its the time again.

time for us to load the car

4 oclock shadows

live at your local bar
dont miss the show

it could be the only one

were quick to go

slowly runnin low on funds
so buy a disc

maybe buy a t first.

but if you keep it real

youll prolly get a free shirt.
see were doing this not to try and make it big

were just trying to make it to the next cities favorite gig.
