You better get get down!  
You better get get down!  
You better get get down down!

Breathtaking  
The pitch black eyes  
Dark chocolate or midnight skies  
It's hurting  
My heart outcries  
I can't take my eyes  
Off of his eyes...

Notice me  
The pitch black eyes  
I wanna get lost in  
Your midnight skies  
Fantasy with  
Your little outsize  
You know what I mean  
Desire incise...

Power of allure in his hands  
My intent is more than one night stand  
I wanna make him mine and nothing else  
Better set forth right now  
And get get down down!

Dark in the eyes  
His darkness reminds  
Me of the nights with desires, pretty lies.  
Dark in the eyes  
Dark in the skies  
Darkness in the size of a man with lies  
Dark in the eyes (x3)

Seize the moment with me babe  
May no time left for the pain  
I'll arouse you with my crave  
Light my fire, watch my flame  
I know no boundries, know no shame  
I can't believe who I became

Good girl gone wild, that's my name  
Fire!

You better get get down!  
You better get get down!  
You better get get down down!

Seduction level a bit of dose  
He's so damn hot, the girls brownnose  
They have no chance, even they propose  
I'll be the one, take off his clothes  
Dark chocolate, the pitch black eyes  
Wanna dance under the midnight skies  
Come on baby show me, your little oversize  
Can't help it, desire incise...

Power of allure in his hands  
I'm not a kind of girl of one night stands.  
I wanna make him mine and nothing else  
Better set forth right now  
And get get down down!
