Everybody's talkin' on the telephone

Everybody's happy when he's coming home

Everybody needs somebody by his side

Everybody

Everybody

Everybody

Everybody.

We all live together - so bad!

We all live together - so bad!

We all live together - so bad!

Ohyeah

Ohyeah

Ohyeah

Ohyeah.

We all live together - so bad!

We all have to use our head.

We all live together- so bad! Oh yeah.

Everybody's drinkin'

Smokin' cigarettes

Everybody hates to pay his yearly tax.

Everybody's living only for himself

Everybody

Everybody

Everybody

Everybody.

We all live together - so bad! . . .

We all live together - so bad! . . .
