Light breaks through cracks in the sky,  
My world is crashing down one truth at a time.  
The ground is shaking, the walls are caving in,  
Now I'm treading neck-deep in a pool of your sin.

These shades of black have never felt so gray-  
It's a blur I must confess,  
Nothing's ever what it seems-  
Certainty's sure a mess

And so I'm here - it's on - my love for the con.  
There's just more and more appeal for what you said  
was so wrong,  
The line is drawn, my conscience broke free -  
Ready, aim, take take take take take me!

Smile and wave as your life flys by...

I never thought it would come to this -  
a shattered dream and a bloody fist.  
No one should wish this upon anyone...

How can you tell me what's real?!  
Or tell me how to act, think and feel?  
It's my world - you're just living in it,

A weak signal that won't transmit.

These shades of black have never felt so gray -  
It's a blur I must confess,  
Certainty and absolution -  
Words you'll never possess

And so who's right? Who's wrong? Who really cares?  
Get up off your knees - I don't need your prayers.  
These ideals are lazy, the gods are crazy,  
Fire a shot through the smoke so hazy.

Smile and wave as your life flys by...

I never thought it would come to this -  
a shattered dream and a bloody fist.

No one should wish this upon anyone...

Smile and wave as your life flies by,  
Your perception is a cage,  
That'll suck you dry!!
