Wanted them to know my name,
think you know me, think again
butchers coming to slaughter the lamb
She's a wolf, you're just a man

Little man with big ideas,
with a hammer, answer your fears
beautiful hammer, hammer for me,
slamming the faces I don't want to see

Gonna take you, on a dirty weekend
gonna, make you know my name
gonna break you, on a dirty weekend
ain't never gonna be the same

Gonna, take you, break you, make you, remember my
name

Thinks he can spread you open wide
Leave his mark on your insides
Brighton sea's turning red
not mine, yours instead
Little man with big ideas,
with a hammer, answer your fears
beautiful hammer, hammer for me,
slamming the faces, don't want to see

Gonna take you, on a dirty weekend
gonna, make you know my name
gonna break you, on a dirty weekend
ain't never gonna be the same

Gonna, take you, break you, make you, remember my
name

Mean streets, this stalkers dream,
covered mouth trying to scream
smooth skin, oiled and clean
dirty girl looks so serene

My blood on your fist, rope round my neck, knife in my
womb, stench of your kiss,

don't you know, I've had enough, enough of this,
enough of this, enough of this shit.
