[INTRO]

Yea, ain't nobody gonna take this away from me.
This is all I've got, This is my life.
All I got is my b***s and my bars.
Nobody's taking this...

[CHORUS]

I don't wanna loose the passion,
the will the drive the fire that keeps me rapping.
I don't wanna lose my brethren cos through the thick
and thin
they supported me till the very end.
And I don't wanna loose this dream I have.
The anger and ambition I'm on a mission to be the
dan.
Coz if I haven't got this gift I was given Lord.
Tell me why the f**k am I living for?

[VERSE 1]

Its yob culture yo lets rise up.
They can take our lives, but not our pride blood.
We are soldiers by the roadside
life's f****d up were on the grind
we are riders we cry blood.
Judge us on what we do, not what we look like.
Picture me in an open casket, kiss me goodnight.
I just wanna live the good life I should shine
and if you wanna take away what's mine get on your
push-bike.
This is everything I live for I breathe rap,
I got so much to give Lord give me some feedback.
I've lost all hope but now I'm starting to believe
again.
What worries me? Am I too late?
I don't wanna lead the rest of my life with nothing,
my times coming
Why the f**k am I still here
we struggle but don't feel fear.
But we are human we cry real tears.
And if you wanna take away what's ours you will
hear...

[CHORUS]

I don't wanna lose the passion,
the will the drive the fire that keeps me rapping.
I don't wanna lose my brethren cos through the thick
and thin
they supported me till the very end.
And I don't wanna lose this dream I have.
The anger and ambition I'm on a mission to be the
dan.
Coz if I haven't got this gift I was given Lord.
Tell me why the f**k am I living for?

[VERSE 2]

Lord I can't afford to lose this gift I have.
I wanna support my bretherins I gotta give them back,

what they gave to me believe so I can make this dream
reality.
There's still a part of me that you haven't seen.
A man in me, Imagine if I blew up with this rapping
dream.
Yea I bet that when my family come running back to
me.
But when I didn't have a thing who got me out the
gutter?
My bretherins I'm never giving up on us my brother.
Don't take away my hunger my will to rap.
I possess the skill to kill the track until the D.J reels it
back.
If another rapper tries to compete he can feel my
wrath.
I can't imagine living without rap. How could I deal
with that?
I'm just a brother with a message and something to
prove.
I got allot to give and nothing to lose.
I just want the things I never had.
Blood I've been to hell and back.
And if you wanna take away what's mine here's what
I tell you fam.

[CHORUS]

I don't wanna lose the passion,
the will the drive the fire that keeps me rapping.
I don't wanna lose my brethren cos through the thick
and thin
they supported me till the very end.
And I don't wanna lose this dream I have.
The anger and ambition I'm on a mission to be the
dan.
Coz if I haven't got this gift I was given Lord.

Tell me why the f**k am I living for?

[VERSE 3]

I feel like Iâ€™ve lost half the passion.
From when I started rapping.
What happened to the love?
Back when rap was all that mattered.
I canâ€™t lose the inner spark because every artist has it.
But it ainâ€™t hard to lose it.
Thatâ€™s why I canâ€™t be stupid.
But I know I got the heart to do this Peoples Armyâ€™s
moving.
This is all I got.
And I ainâ€™t gonna stop until itâ€™s me that calls the
shots.
And when I make it to the top f**k falling off.
Iâ€™ll prove all you wrong.
Coz only God can take away this gift he blessed me
with.
And Mic Righteous said it so donâ€™t you get it twisted.
