Tell ma fam don't cry,
There's another world outside these walls,
Were trapped inside,
Your looking at me like I'm out my mind,
Cause I wanna fly,
Cause I wanna find out what's on the other side,
And I might not come back alive,
And there's a high chance I'm a die,
And if I die,
God knows I'll be going out with a fight.
I'm proud to be mic,
I'm proud to be right,
Just in control of the life that I'm in,
I got a lot on my mind,
You keep it bottled inside,
If I got a problem I'll write,
Yeah this is honour and pride,
Won't see me back in the metal,
Cus that's back in the devil,
I fought with god on my side,
I didn't know what I hide,
Behind these eyes,
I try and try a lot in the time,
I'm sorry I lied a lot in my life,
I wanna stop and rewind the clock,
Right my wrongs,
It wasn't alright,
Gotta be mic,
Gotta be right,
You take my kindness for weakness cause I'm polite,
There will be no comical sights,
I'll lock of your life and swallow the key,
Why are these demons following me,
I follow my dreams,
I still live in poverty, boring please,
Nah I could always borrow the p's
Don't get to oh with the g,
At nine looking like a 2.3
Give 3 bills back,
What does it leave,
A 3: 20 profit now what is it g,

I'm from the streets,
But a shot is not what I want to be,
I got to succeed,
Knowledge is key,
Along with honour and pride a lot of belief,
When I receive pain,
I don't want a receipt,
I've seen the sea,
Seen the stronger pain on the week,
Don't let anyone tell you anything bruv,
And you take it from me,
No matter your background you can achieve,
All you gotta do is believe
Work hard,
Stay real,
Stay true to the ones that had your back when you as in
need,
I took it for granted fam,
But that was stupid of me,
No more excuses blud,
I think of how stupid I've been
But nothing is here for us,
What stops the youth from pursuing there dreams,
Is fear in us,
Were the ones who's losing the beef,
Were the ones chose to be taken for idiots indeed,
Well these man do what they please,
Yo fuck the rules,
We don't see beyond these walls,
The truthers are free,
I break these bars while you was asleep,
I could of knocked of and watched tv,
But,
I do what need be,
They don't wanna show you what we see,
So what I do is show you the painful truth,
And I hope you change your tune,
Brick by brick I'm a break this room,
When I spit up the room and shake this room,
I'm the one who what's to be free,
Do you want to make it 2,
You can make it 2,
Let's make it 3,
There's more to life than they can see,
I close my eyes and paint a scene,
People screaming wait for me,
Rebel soldiers take to the streets,
Standing up for honour and pride,
Breaking the chains and the feet,
There's thousands that swallow for eye,
This time we play for keys,

No more praying for peace,
Nah,
This time we fight for it,
Let's find the king and take his queen,
If he don't grant us freedom,
We gonna make her scream,
Everybody wants peace it ain't just me,
Will blast that castle down if he don't change his mind,
Will burn that castle down, for tryna taking out pride,
I'm like who's laughing now,
Yo fuck it they can die,
Cause in the dark is I who gave us light,
A leader saved our lives,
He came and made us fight,
He came with honour and pride and faith,
His aims were high,
He was the brightest one,
Took the king and tied him up,
Took the key,
Unlocked the gate,
Told us all our time had come,
Work in class was rising up,
Put it in writing and sign it blud,
Peace had finally come,
We can finally live the love we life,
And love the life we live,
Cause now the other side is open for my brothers eyes,
All I'm riding is honour and pride,
I am mic,
Yeah, all I'm riding on is honour and pride,
I am mic.
