Where did you go?
I wanted you to know how much that I cared,
Before you turned away and left me standing here,
Why won't you believe that my heart was truly in it,
Though we never made it to New Orleans,
Right now you really seem pissed,
But maybe later we could be friends,

Where did you go?
Why won't you just acknowledge on thing that I did?
Before you go and blow it all up in your head,
Well I'm not feeling guilty about what I've done,
Cuz I know that I've done nothing,
And I feel that I've been good, Not the best I could be,
But I know that I'm not perfect, But I don't deserve this
treatment,

Chorus:
Why did you go? Why did you go?
I want you to know how much that I care

I never felt we had any problems, That were so heavy
we couldn't solve them,
But I guess you never know what you lost till you got it,

Where did you go?
I wanted you to now how much that I cared,
Before you drowned me out with a million explicit's,
I couldn't get a word in just to calm you down,
I didn't get a chance to explain,
Though I'm not really certain what I had to say would
even make a difference,
If I told you she was just a friend,

Chorus
